PLEASE NOTE

What you should complete over the summer ☺

- 1) You should read the following Chapters (**50, 51, 52, 53**). Chapters 50-53 comprise Unit 8- Ecology. We will cover chapter 54 in class.
- 2) After reading the previous 4 Chapters you should take notes on each Chapter by completing the guided notes packets for each.
 - a. The notes should be completed on your own (you should not make copies or copy any one else's notes).
 - b. The answers to the guided notes SHOULD NOT be typed. They should be written by hand on the pages or on 8 ½" by 11" paper.
- 3) I will collect your notes the first week of school. In the second week of school, we will have an in-class test on the summer reading material.
 - a. The test will be a combination of short answer, diagrams and multiple choice.
 - b. You **MAY USE** the notes that you took on the 4 Chapters during the test.
 - c. This test will count as the first grade of the 1st marking period for the 2011-2012 academic year.
