---

April 6, 2011

Dear Parents:

As the end of the school year quickly approaches, students will be preparing for mandatory final exams. Please be advised of the following:

Final exams are given in all Honors and Level II classes in English, mathematics, science, social studies, and world languages. Finals may also be administered in other courses such as health and year-long electives. All students are required to take their scheduled final exams.

Do not schedule vacations, appointments, college orientation programs, college courses, or work during scheduled exam times. All examinations will be departmentalized and scheduled for 90 minutes. The exam schedule will be posted on the school website and throughout the school by June 1.

For exam security, all students must report to their scheduled exams and remain for the entire exam time. Students failing to report to and remain in a scheduled exam will receive a zero for the exam; this could cause the student to fail the course.

Parents must contact the high school administration immediately if their student is ill and cannot attend the exam. If a student misses an exam due to an illness, a doctor's note will be required, and the student must take the exam at the time/location designated by the administration.

Sincerely,

Pam Murray, Principal

**There are many upcoming activities. Please mark your calendars with the following dates and check the school website for details:**
